ABOUT ABAC...

The AIDS Budget and Appropriations Coalition (ABAC) is a working group of the Federal AIDS Policy Partnership, a coalition of national and community-based HIV/AIDS and public health organizations that represent people living with HIV/AIDS, HIV medical providers and researchers, and advocates, as well as community organizations that provide critical HIV related health care and support services.

ABAC advocates for the necessary resources for domestic HIV/AIDS programs across the federal government.

For more information, please contact the ABAC Co-chairs:
